

SHAHEEN A

Bellary, Karnataka · [Phone Number] · [your-email] · LinkedIn: Shaheen G

Undergraduate student pursuing B.E. in Computer Science and Engineering (Data Science), with an interest in artificial intelligence, application development, prompt engineering, programming, and technology-driven problem solving. Currently developing technical skills through academic projects, AI tools, and participation in technical activities and hackathons.

Technical Skills

Programming — C, Python, Java

Web Technologies — HTML, CSS

Artificial Intelligence — AI Tools, Prompt Engineering, AI-assisted Development

Application Development — Basic App Development, AI-assisted Application Development

Development Tools — Git, GitHub

Core Competencies

Problem-solving — Analytical and structured approach to technical problems

Communication — Written and verbal communication

Teamwork — Collaborative technical and project work

Creativity — Developing technology-based ideas and solutions

Adaptability — Learning new technologies and AI tools

Leadership — Participation in technical communities and team activities

Projects

Library Book and Issue Management System — C Programming

Developed a basic library management system in C for managing books and handling book issuing and returning operations.

AI-Assisted Application Development — AI Tools / Prompt Engineering

Exploring AI-assisted application development using prompts and AI tools to develop application concepts and improve the software development workflow.

Technical Activities

IEEE Student Member — College IEEE Student Branch

Participating in technical activities and exploring application development, artificial intelligence, AI tools, and hackathon opportunities.

Hackathon Interests

Areas of Interest — Artificial Intelligence, Application Development, Digital Platforms, Cybersecurity, Sustainability, MedTech, and technology-driven problem solving.

Hackathons — Interested in developing technology-based solutions and participating in college and external hackathons.

Education

B.E. in Computer Science and Engineering (Data Science) — Ballari Institute of Technology and Management (BITM)

CGPA: 8.0
